

Hair Volume™

Hair growth and volume

Helps prevent premature grey hairs

Just 1 tablet per day

Hair Volume™

Hair Volume™ is the tablet you need to maintain a normal voluminous hair growth. The unique bioactive nutrient hair growth factor combination contained in each tablet nourishes and activates the life processes of hair follicle cells. The tablet works from the inside out. The tablet, which is manufactured in Sweden contains micronutrients and herbal extracts including apple extract rich in procyanidin B2. The content of biotin and zinc contribute to the maintenance of normal hair and copper contributes to normal hair pigmentation, fighting grey hairs.

With apple extract

The apple extract used in this tablet is naturally rich in procyanidin-B2. The apples are picked, mashed, dried and extracted, so that the desired herbal substance is preserved. This gives a guarantee for a high quality.

Recommended daily dose

Take 1 tablet with a glass of water. Food supplements are intended to supplement the diet, and should not be a substitute for a varied diet or healthy lifestyle. Do not exceed the stated dose. **Caution:** Seek professional advice before using if you are pregnant or breastfeeding. **Warnings:** Not suitable for children under 12 years of age. Do not use if blister packaging (inner foil) is broken or tampered with. Keep out of reach of children.
